Digital Form for Creditors

Samarco informs that, within the scope of the Judicial Reorganization proceeding, a digital form was made available to be completed by class I creditors – former employees – and classes III and IV – suppliers, holders of credits eligible by April 9, 2021, date of filing of Samarco's Judicial Reorganization process.

Through this form, creditors will be able to update their data and bank information, as well as, for Class III creditors, choose the restructuring option and, thus, receive the credits due according to options described in the Judicial Reorganization plan ratified on 31/08/23.

The form must be accessed at <https://formulariodigitalrj.samarco.com/>. The deadline for registering and choosing the payment option, if applicable, starts on the business day following the publication of the ratification decision in the Electronic Official Gazette (DJE), that is, as of this Tuesday, September 5th.

Deadlines for completing the form:

Class IV active suppliers do not need to update their registration.

Former employees (Class I) must complete the form by **September 20th** pursuant to the conditions set forth in the Judicial Reorganization Plan (JRP).

Class IV inactive suppliers have until **September 20th** to complete this form.

For unsecured creditors, the deadline for completing the form will be by **October 5th**, including the signature of the partner supplier term. We emphasize that these deadlines for completing the form are included in the Judicial Reorganization Plan.

If former employees do not complete the data by September 20th, 2023, payment will be made based on the bank details registered at Samarco.
